

DNRC OWNERSHIP UPDATE SEVERED WATER RIGHT

A water right is considered severed, if the water right owner is severing the water right from land. A severed water right does not involve a land sale.

If there is a land sale, and an appurtenant water right will not go with the sale, complete a Form 642, Exempted (Reserved) Water Right.

Complete one form for each water right that will be severed.

Contact your local DNRC Water Resources Regional Office if you have any questions.
